

Delta Stockett
New 5th Grade Teacher

Delta Stockett was born and raised in Utah in a family of all girls, and was named after an old country song. She's been married for seven years, and her family love to spend time together outdoors at the park and watch movies. She loves to do crafts, cook, read, sleep in, and teach her son new things.

Since an early age, she's always wanted to become an elementary teacher because of the positive impact her teachers had on her. She attended Brigham Young University-Idaho, and Utah Valley University, graduating in 2011. She has taught second and fifth grade for the last six years.

Delta loves to make learning interactive, engaging, and meaningful for students. She loves to make them smile and laugh, believes in hard work, and is dedicated to building positive rapport with parents and students. Freedom Elementary is going to be an exciting new chapter in life, and she's delighted to work with so many wonderful teachers!
